

PREPARED FOR REDETERMINATION?

Medicaid Enrollment Growth

CURRENT STATE

+15.5 MILLION INDIVIDUALS

Between February 2020 and December 2021, due to eligibility provisions related to the PHE

2023 FORECAST

HEALTH EQUITY RISKS

Black & Hispanic individuals, **61% of members**, are predicted to be disproportionately affected by the rapid loss of coverage

+17% MEDICAID MEMBERS IMPACTED when redetermination resumes!
BILLIONS OF DOLLARS AT RISK!

61%

17%

What Can Health Plans Do Now?

Health plans need to develop a fine-tuned strategy focused on ensuring eligible members remain covered and transitioning those who are not onto Exchange products to significantly reduce revenue losses while limiting impacts on members.

Potential Health Plan Impact:

~2-10%

of financial losses could be mitigated by putting a sound plan in place!
